There seems to have been  
 an error made in Sep 2177  
 Jan 27/08 (Montana) of Silver  
 wt & value from 18.53 = \$9.08  
 to 4.28 = 2.10  
 never changed on state or Ballion  
 reports - First I knew of it  
 was Oct 31st 08 = think the  
 error payout was made good by surveyors  
 so not necessary to take up by  
 correction in reports -
